# EXECUTIVE SUMMARY

As part of the Malaysia Education Blueprint 2013 – 2025 to attract international students to Malaysia, INTI International University (INTI-IU) has taken the initiative by introducing the Study Tour Programme. The programme objective is in twofold; first, as an introduction to the higher education of Malaysia via classes and lab sessions, and second, to offer a learning experience to the multicultural and multiheritage Malaysia through visits to various cultural and historical sites around the Klang Valley and Melaka. INTI-IU has been offering the programme since 2016 and has successfully attracted over 2000 students from China, Japan, India, Indonesia, Morocco, Maldives, Brunei, Sri Lanka, United Kingdom, France and the Philippines.

## INTRODUCTION

INTI International University Study Tour's ASEAN DISCOVERY EXPEDITION is to nurture global champions, broaden one's international perspectives, and heighten experiential learning within a multi-racial, multi- religious, and ethnically diverse population. Participating in the study tour is a way to build students' personal development, while offering them the opportunity to explore, and broaden their knowledge and gain a deeper understanding of Malaysia, ASEAN countries, and the ASEAN+3 (Australia, Japan, New Zealand) cooperation.

International Exchange Learning and Cultural Tourism are the essential elements of this study tour. A semester-long Study Abroad Program provides a life-changing experience for students, opening their eyes to different ways of life and promoting understanding and tolerance.

Other than choosing from a wide variety of existing courses offered by INTI, based on the interests of individual students, a tailor-made program for a group of 20 students may include academic courses such as ASEAN Community and Cultural Pluralism, China in World Politics and Economy, Malaysian Studies and Cultures and/or Ecosystems of Malaysia and Borneo.

INTI-IU 's Study Tour does not only expose students to different study environments, but it also serves as a platform to engage with peers of different diversity and provide them with cultural experiences, including a Day trip Visit to Melaka – UNESCO World Heritage City; a Day Trip to Kuala Lumpur – The Modern City of Malaysia; and a Day Trip to Putrajaya – The Administrative Capital of Malaysia.

# STUDY TOUR CONCEPT

## Enhancing International Perspectives Via Study Tour.

As Malaysia is Australia's third-largest ASEAN trading partner, it provides a safe and friendly opportunity to experience learning within a multi-racial, multi-religious, and ethnically diverse population. Hence, INTI International University in Malaysia makes for an ideal partner to offer exchange students the chance to broaden their knowledge and gain a deeper understanding of Malaysia, ASEAN countries, and the ASEAN+3 cooperation. Duration of the Study Tour may range between 7 and 21 days, with the inclusion of academic courses such as Malaysian Studies, Cultures and/or Eco-systems of Malaysia and Borneo.

## Preparation / Foundation for Further Study Abroad.

Participating in this study tour will be the foundation for those who would like to study abroad in the future. Students will have a basic understanding of the different education systems and learning environments via this study tour especially the education system in a Commonwealth country. We believe that this serves as a cohesive introduction to the fabric of Malaysia's higher education, at a relatively low cost and with a competitive edge in terms of cultivating new friendships and building potential business networks.

## World Cultural Heritage - Malaysia

### Traditional Music Instrument – Gamelan

In this study tour, students would have the chance to learn Malaysia's traditional music instrument, the Gamelan. The origin of Gamelan is from Java, Indonesia, which is predominantly made up of percussive instruments. The Gamelan is part of the World Cultural Heritage, and it is also one of the most influential music genres in the world. The foundation of Gamelan is rooted in the belief of "reincarnation" in the Indonesian Culture. Each song represents a story; different genres represent faith. It is worth learning the Gamelan, as it is not just about strumming instruments to a song, but it is also a soul-searching moment.

## Explore and Experience the Different Cultures in Malaysia.

Malaysia, rich in natural resources, is the world's largest export country of natural oil palm, rubber, and tin products. Malaysia has a pleasant climate with 878 beautiful islands, tropical rainforests, and famous mountains. Each ethnic group has its ancient customs, culture, and history. Above all, Malaysia is a country known for its people living in harmony, and respecting each other's culture, which forms cross-cultural diversity such as Baba Nyonya (ethnic from the marriage of Chinese and Malay). Thus, Malaysia is a country that preserves the uniqueness of different cultures and history and is moving forward to become one of the world's known developing countries. There are 32 ethnic groups living together harmoniously in Malaysia. The population in Malaysia is mainly comprised of the Malays, Chinese, Indians, Native People, and the Eurasians. Each ethnic group enjoys the freedom of religion and is multilingual.

## World Cultural Heritage - Malaysia

### Batik

Traditional dance and music are an avenue that represents Malaysia's cultural diversity. Each ethnic group has its traditional dance that was inherited by our Chinese, Portuguese, and Indian descendants. It is now integrated with the local traditional culture and customs to make our dance performance one of the most captivating artistic and cultural scene to witness. Malaysia's traditional dance is divided into a few categories such as the Court Dance, folk dance, and the modern Malay dance. Different categories of dance resemble their belief and faith, and how they are all tied to the foundations of their faith in religion.
