

# Newletter

NHA TRANG UNIVERSITY

1<sup>ST</sup> Quarter, 2022

# MISSION

To carry out research, to train highly qualified manpower, and to transfer knowledge in multidiscipline, focusing on promoting strengths in marine and fisheries science and technology

# CORE VALUES

Pioneering - Unity - Integration -  
Dynamism - Responsibility

# VISION

To become a high-ranking university in Vietnam and one of the leading universities in Asia in some disciplines in marine and fisheries science and technology by 2045

# EDUCATIONAL PHILOSOPHY

To develop professionalism, creativity and sense of responsibility in an integrated education environment, linked to professional practice and the community

# External Cooperation

During the meeting, NTU showed the gratitude to the support of the Nordic partners throughout the time. The university shared about the situation, vision and development orientation, strategy of international cooperation. For international cooperation in the future, NTU expected to connect and cooperate more with universities, institutes and organizations in Nordic countries, especially in the field of marine and fishery science and technology, training human resources, scientific research, technological transfer in the fields of marine economy (Blue Economy) of Khanh Hoa province, especially in aquaculture and tourism.

## DELEGATION OF NORDIC AMBASSADORS PAID A VISIT TO NTU

*On March 3, 2022, NTU welcomed a delegation of Nordic Ambassadors to Vietnam including the Norwegian Ambassador, the Swedish Ambassador, the Finnish Ambassador and the Danish Ambassador to NTU. This visit is within the framework of a business trip to Khanh Hoa province of the Nordic delegations.*

Appreciating the university's achievements, the Ambassadors ensured that the university is ready to continue to expand cooperation and plays an important role in marine economic development activities with other Nordic partners. On that basis, the Ambassadors will continue to research, review and introduce information, connect the university with organizations in Northern Europe in accordance with the strengths of training and research as well as the development orientation of NTU. The Ambassadors noted the role of the university in the relationship between the Government - Entrepreneurs - Scientists for the development of the modern marine economic center of Khanh Hoa province.

# WELCOMING THE DELEGATION OF THE US EMBASSY AND CONSULATE GENERAL IN VIETNAM

*On March 24, 2022, NTU had a meeting with the delegation of the US Embassy and Consulate General in Vietnam.*

At the meeting, the NTU Rector thanked the US Embassy and Consulate General to Vietnam for their support in promoting cooperation with US partners, providing experts, granting scholarships to students, serving the community. The Rector expected the US Embassy and Consulate General to keep connecting NTU with US partners in training, research, staff training and student exchange...

Representatives of the US Embassy and Consulate General to Vietnam highly appreciated the NTU's achievements in recent years, and affirmed that they will continue to promote cooperation between the university and organizations in the US in accordance with the strengths of training, research and development orientation of NTU, as well as support training programs in English language for staff, especially in the field of writing scientific reports, international articles, etc.

On this occasion, the delegation had a meeting and shared information about the US government's scholarship programs and preparation steps to study abroad for students. They also had sharings with lecturers about effective teaching methods and scholarship programs; and had a meeting with Access program's students at NTU (the program is sponsored by the US Consulate General to Vietnam).

# OFFICIAL SURVEY TO VERIFY 02 UNDERGRADUATE PROGRAMS IN BIOTECHNOLOGY AND AQUACULTURE

The official survey took place from January 5 to 8, 2022 with many activities implemented by the National Center for Higher Education Accreditation in HCMC, including studying documentary evidence, interviewing staff, students and others, observing teaching and learning activities; making surveys, etc.

The evaluation team made assessments and comments on the process; assess the pros and cons of the programs in order to help the university improve the quality for learners, meeting requirements of employers. These contributions are the basis for enhancing the quality of training, affirming the position of the university for sustainable development.

# Training

## INAUGURATION OF NTU BANK'S SIMULATION ROOM

*On January 12, 2022, NTU held a ceremony to inaugurate and put into use the NTU Banking simulation room (NTU Bank).*

NTU Bank was built with the goal of serving the training and research of the Faculty of Accounting - Finance in particular and NTU in general. With the processing system provided by Viet Victory - one of the leading providers of this service in Vietnam, NTU Bank simulates real-life banking transactions from consulting, operating transactions and controlling input and output records. In addition, the Core Banking system also provides the infrastructure for implementing

stock trading on the stock exchange market. This is a module to help practical implementation in teaching modules on stock market, financial investment...

With the design as a banking transaction room, NTU Bank will help students access to reality of working, get familiar with specialized software, thereby practicing necessary skills, easily catch up with work after graduation.

On March 1, 2022, NTU held a virtual MoU signing ceremony with AVNET Technical Solutions Co., Ltd, and opened an innovation laboratory to support young technology talents.

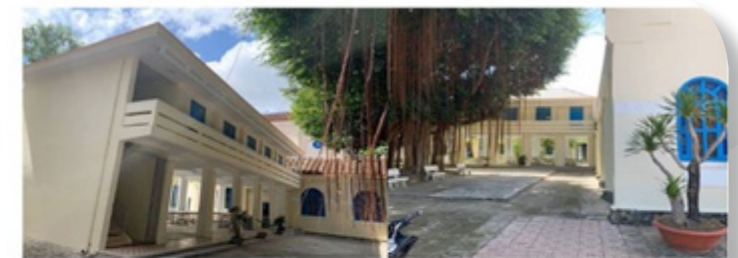

NTU and AVNET Technical Solutions Co., Ltd. will cooperate in activities to support students in knowledge and practiceship. With the sponsorship of AVNET Technical Solutions Co., Ltd., an innovation laboratory has been established at the university with the aim of fostering

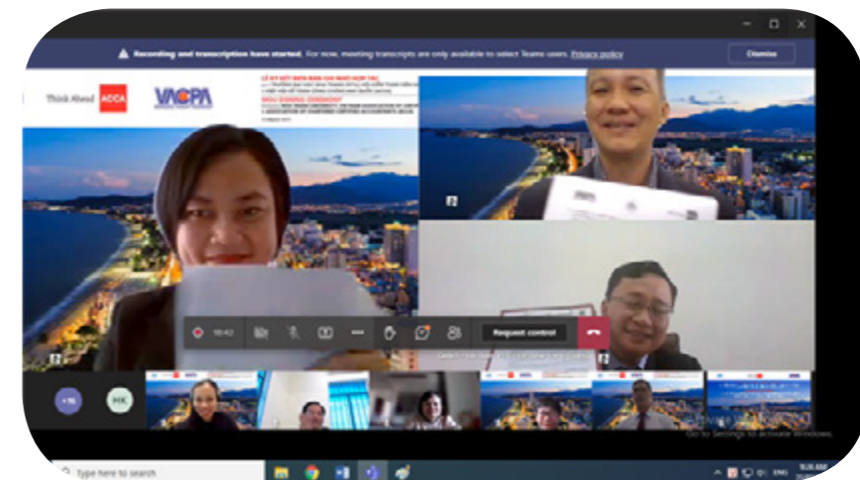

young technology talents in fast-growing industries such as telecommunications and IoT. In addition, AVNET will provide faculties with development kits and work to build applied courses during the first year of the partnership. From the second year onwards, courses are expected to be attended by at least 100 students each semester, bringing benefits in teaching subjects related to technology, automation, electricity and electronics; and enriching the specialized courses in fisheries sector like automation of the process of monitoring, raising, catching and transporting seafood...

## COOPERATE WITH AVNET CO., LTD. TO BUILD **AN INNOVATION LABORATORY**

*Founded in 1921, AVNET is today one of the world's leading distributors and technology solutions providers, supporting customers at every stage of the product lifecycle, from concept to design and from prototype to production.*

## SIGNING A COOPERATION AGREEMENT WITH ACCA AND VACPA

On March 23, 2022, NTU held a virtual MoU signing ceremony with the Association of Chartered Certified Accountants (ACCA) and the Vietnam Association of Certified Public Accountants (VACPA).

Regarding the MoU, NTU and ACCA will work together to support students to learn and complete the ACCA-VACPA Joint Certificate in International Financial Reporting in Vietnam (CertIFR); sharing about relevant career orientations for students; providing materials and training program for lecturers to assist them in teaching CertIFR. For

cooperation with VACPA, the two parties will coordinate and recommend to VACPA's organizational members to prioritize considering recruiting interns or recruiting staff of the university who have studied and passed the CertIFR; organized an extracurricular class for students on the fundamental differences between International Financial Reporting Standards (IFRS) and Vietnamese Accounting Standards (VAS).

## SIGNING A COMPREHENSIVE COOPERATION AGREEMENT WITH THREE ENTERPRISES

On March 2, 2022, NTU signed a MoU of comprehensive cooperation with three enterprises including: Cam Ranh International Terminal JSC, KSolution JSC, Phat Quyet JSC.

On this basis, the university and businesses will cooperate in the fields of training, research, internships, vocational training, and job opportunities for students. In particular, businesses will

facilitate staff, lecturers and students to visit; accept students for apprenticeship and participation in other activities; participate in research, co-organize seminars, conferences ... in related fields; exchange experts; organize a number of community activities. On this occasion, KSolution Joint Stock Company also awarded scholarships to students with living difficulties.

# Research ACTIVITIES

On February 24-25, 2022, Faculty of Mechanical Engineering - NTU cooperated with Vietnam Laser Alignment Co., Ltd. (VLA) and Vietnam Hydrocarbon Instruments (VHI) Co., Ltd. to organize a workshop on measurement solutions in industrial maintenance for more than 40 staff and lecturers of NTU.

VLA and VHI shared key contents of measurement in industrial maintenance, grasping attention and discussion from staff and lecturers on "Roles, importance and trends

## WORKSHOP ON MEASUREMENT SOLUTIONS IN INDUSTRIAL MAINTENANCE

of industrial maintenance; measurement solutions in industrial maintenance; introduction and guidance of using measurement equipments such as vibration monitoring equipment, measuring and testing equipment for coaxiality, monitoring equipment of machining accuracy of CNC machines, testing, monitoring and resolving equipment for oil treatment".

# LAUNCHING THREE COMPOSITE VESSELS

*In the first quarter of 2022, the Institute of Ship Research and Development (UNINSHIP) has successfully built and launched three composite vessels to serve the needs of fishermen and businesses.*

On January 3, 2022, UNINSHIP successfully launched the electric boat named Edensee under the order of Maico Da Lat Co., Ltd. The boat can operate in rivers, lakes and coastal areas, using high-quality solar panels as a roof, ensuring long-term operation in dry weather. In addition, the backup engine helps the boat to operate continuously in case of night service. The boat has seats for eight guests and one crew member. The engine room is designed to prevent noise and vibration. The boat has a beautiful shape, meeting the requirements of tourism

service and ecotourism activities in terms of safety, efficiency, aesthetics, environmental friendliness, meeting regulations for passenger transportation.

On January 20, 2022, UNINSHIP launched a composite logistics service ship named Thuy Tien according to the order of fishermen in Ninh Thuan province. The ship includes one driver's cabin, beds for crew, kitchen and toilet. The ship's cabin has 3-layer structure. The ship is designed with 22 storage basements (16 basements for fish storing and 6 for ice storing) with a total capacity of 55m<sup>3</sup>. The storage basement is designed to ensure dryness, meeting preservation efficiency, food safety, fishermen's health and safety. In addition to living facilities, the cabin also has communication equipment to serve the spiritual life of fishermen during long sea voyages. Also in this quarter, UNINSHIP continued to successfully launch the Con Son Land 07 composite ship. The ship is made for passenger transportation with capable of carrying 30 passengers.

# Student ACTIVITIES

## FINALE OF THE NTU STARTUP IDEA CONTEST 2021

On March 29, 2022, NTU held the finale of the NTU Startup Idea Contest 2021 with the participation of 6 best contestants, including: A-BUA Cashew Milk; Learning English Homestay; Nha Trang mango sauce; BCB – business connection solution; Blood fat reducing herbal tea DASUKI; Business model of copper-aluminum bimetallic relay connector.

In the finale, the teams had presentation and answered questions from the jury about the projects and the implementation process. Despite the impact of the Covid-19 pandemic, the teams still had good preparation and investment in the research and implementation of their projects. After reviewing and evaluating the teams' presentations and

answers, as well as the projects in terms of goals, values, vision, feasibility, potentiality, capacity, implementation, and creativity... the jury ranked the best teams. As a result, the project "A-BUA Cashew Milk" won the second with a prize of 15 million VND (they have no first prize); 02 third prizes with a prize of 5 million VND/prize belong to the project "Blood fat reducing Herbal Tea Dasuki" and the project "Nha Trang Mango Sauce"; consolation prizes belongs to the three projects "Business model of copper-aluminum bimetallic relay connector", "Learning English Homestay" and "BCB - Business connection solution". The teams also received certificates of merit from the NTU's Rector.

*The NTU 2021 Startup Idea Contest with the theme "Breakthrough Innovation" was launched from May 2021 with nearly 20 projects participating. This is the 3rd year in a row that the NTU Startup Ideas Contest has been held. The contest is to create a useful playground in the fields of science, technology, business, promoting creativity and start-up activities in students, alumni, and staff of the university.*

## SOME HIGHLIGHTS IN THE 5<sup>TH</sup>, 6<sup>TH</sup> AND 7<sup>TH</sup> MEETINGS OF THE UNIVERSITY COUNCIL

News in  
brief

Some highlights in the 5<sup>th</sup>, 6<sup>th</sup> and 7<sup>th</sup> meetings of the University Council

The 5<sup>th</sup> meeting of the Council on December 30, 2021 announced a new member Ms. Nguyen Thi Lan Lanh, a student of Class 61 of Law in replace of member Nguyen Thi My Truc (now graduated) for the term 2020-2025. In addition, the Council discussed and agreed with the new organization with 37 units, of which 2 new units are the University Office and the Department of Inspection and Legal.

At the 6<sup>th</sup> meeting held on January 22, the Council discussed the draft of the Implementation Plan for the Development Strategy of NTU in the period 2021-2025 in the field of training; and another one in quality assurance, accreditation and ranking.

At the 7<sup>th</sup> meeting on February 26, the Council voted by secret ballot to make a decision on the position of Vice-Principal. As a result, Dr. Quach Hoai Nam and Dr. Tran Doan Hung was approved by 19/19 members of the Council (reaching a rate of 100%). The Council also approved the Resolution on re-appointment of Vice Rectors Dr. Quach Hoai Nam and Dr. Tran Doan Hung.

In addition, the Council studied and discussed the university's orientations in training and research to implement Politburo's Resolution No. 09-NQ/TW, dated January 28, 2022, on the Khanh Hoa province's development until 2030 with a vision to 2045. The Council also discussed and approved of the Resolution on the university's orientation for undergraduate and graduate enrollment in 2022; and Digital Transformation Project for the period of 2021-2025.

## TRAINING FOR TEACHERS OF THE ENGLISH ACCESS PROGRAM NATIONWIDE AT NTU

NTU cooperated with Regional English Language Office (RELO) to organize a training course for teachers who are teaching English Access Microscholarship program (referred to as Access program) nationwide. The training course took place from January 12-14, 2022 at NTU with the participation of 20 teachers of Access program and 15 lecturers from the Faculty of Foreign Languages – NTU.

*N* NTU cooperated with Regional English

*A*t the training course, the teachers were trained in teaching methods, soft skills, creative thinking, and explored American culture and values to share with the Access classes. The training course was conducted to improve the skills of teachers as well as improve the teaching quality of Access programs. Through the sharings, teachers will better understand the core values of the Access program; consolidate methods of teaching to help students improve their English ability; and skills to use tools to support English teaching.
